REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record fails to disclose the claimed invention. Specifically, the prior art of record fails to disclose an absorbent article comprising a permeable liner, an outer cover, and an absorbent body, wherein the article further comprises a Yucca extract between the liner and the outer cover. The placement of the Yucca extract within the article rather than coated on top of the article provides the benefit of preventing direct contact between the wearer of the article and the extract, and prevent premature reaction of the extract prior to absorption of urine by the article, as described on page 25 of the instant specification. The prior art of record therefore fails to anticipate or fairly suggest the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to C. Lynne Anderson whose telephone number is (571) 272-4932. The examiner can normally be reached on Monday through Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Tanya Zalukaeva can be reached on (571) 272-1115. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
